

*Map drawn by Dr. Dave Mitchell on his 1989 Macintosh IIfx. Our building is represented by the Smiley Face.

Our office is located in Shiloh, Illinois, one minute from the Lebanon Avenue and Hartman Lane intersection near the Midwest Petroleum Quickstop, which is close to where the Barn Restaurant was located and close to the [Illinois Division of Aging](#).

If driving from Lebanon Avenue, turn onto Hartman Lane, then turn right onto Country Road, which is just in front of the former Casey's Quickstop, now called Midwest Petroleum. We are on the right side of Country Road, across the street from the [Illinois Division of Aging](#) and Home Instead.

Traveling from Frank Scott Parkway (name changes to Thouvenot Lane) from West Belleville, turn right onto Hartman Lane, then turn left onto Country Road, which is next to the Midwest Petroleum Quick stop.

Traveling from O'Fallon, past the new Target/Dierburgs plaza, take the Frank Scott Parkway and turn left onto Hartman Lane. Then turn left onto Country Road, which is next to the Midwest Petroleum Quick stop.

From St. Louis: take Interstate 64, take exit 14 for Fairview Heights/O'Fallon, take a right off the ramp and then take an immediate left to get into the double left turn lanes that are near a Hardees. Take a left onto Hartman Lane and go about 3 miles until you see the second service station on the left side of the road. Then make a left just past the Country Doctor's sign at the Midwest Petroleum Quick stop onto Country Rd, near Paesano's Italian Restaurant.
